THE STREET OUTREACH PROGRAM

Combating Youth Homelessness

Homeless youth can be an invisible population, hiding in plain sight due to stigmas surrounding homelessness. The Street Based Outreach Team provides outreach to find entrenched street youth ages 11-24 who are in crisis, wherever they may be, and provide immediate assistance.

We offer coverage throughout Riverside County and deliver presentations on all of the SafeHouse programs to schools, libraries, law enforcement, and community partners. Our main goal is to move youth from the streets into shelter or other safe and stable environments.
